

Vaishnavi Prabha

BE Student | Aspiring Software Developer

Sir M Visvesvaraya Institute of Technology, Bangalore | vaishnaviprabha313@gmail.com | +91 8951967456 |

Professional Summary

A motivated and detail-oriented BE student in Computer Science, seeking an entry-level software developer position or technical internship. Possesses a solid foundation in core programming concepts, data structures, and algorithms, with a keen interest in building efficient and scalable software solutions. Eager to apply academic knowledge in a professional environment and contribute to innovative projects.

Education

Bachelor of Engineering in Computer Science

Sir M Visvesvaraya Institute of Technology (Sir MVIT), Bangalore

Expected Graduation: 2028 | CGPA: 8.5/10

- Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Computer Networks, Software Engineering.
- Academic Projects: Library Management System (Java), Student Database CLI Tool (Python), Algorithm Visualizer (C).

Technical Skills

Programming Languages	Core Competencies	Tools & Technologies
• C (Proficient) • Java (Proficient) • Python (Intermediate)	• Data Structures & Algorithms (DSA) • Object-Oriented Programming (OOP) • Problem Solving • Software Development Life Cycle	• Git & GitHub • MySQL • Eclipse IDE • VS Code

Projects

Algorithm Visualizer | C, SDL Graphics

Personal Project

- Developed an interactive desktop application to visualize sorting algorithms like Bubble Sort, Merge Sort, and Quick Sort.
- Implemented graphical representations using basic SDL libraries to demonstrate step-by-step execution, enhancing understanding of time complexity.
- Strengthened core concepts of DSA and C programming.

Student Database Management System | Python, SQLite

Academic Project

- Built a command-line interface (CLI) application to manage student records, including creation, retrieval, updating, and deletion (CRUD operations).
- Utilized SQLite for persistent data storage and implemented input validation and error handling.
- Demonstrated practical application of Python programming and database integration.

Library Management System | Java, Swing (GUI)

Academic Project

- Applied Object-Oriented Programming principles like inheritance, encapsulation, and polymorphism to create a modular codebase.
- Gained experience in building user-friendly applications and event-driven programming.

Certifications & Achievements

- Certification in "Python for Everybody" (Coursera).
- Active participant in the college's Programming Club, attending weekly workshops on competitive programming and open-source contribution.
- Volunteered as a student mentor for a freshman-level "Introduction to Programming" bootcamp, assisting with C fundamentals and debugging.

Additional Information

Languages: English (Fluent), Kannada (Native), Hindi (Conversational).

Interests: Technical blogging, contributing to open-source projects, algorithmic puzzles, and attending tech meetups.

personal Information

- **Languages:** English (Fluent), Hindi (Fluent), Kannada (Native).
- **Interests:** Competitive Programming, Open-Source Contribution, Technology Blogs, Music.
- **Availability:** Immediately available for internships and full-time roles starting 2025.
